PATIENT RIGHTS

1. The right to an individually designed plan of services based on individual needs which the Patient has participated in developing and which includes goals that the Patient has agreed to work toward.
2. The right to considerate and respectful care.
3. The right to be free of personal involvement with any agency staff member.
4. The right to receive services from staff, which is competent, caring, and of sufficient number to provide services adequately.
5. The right to be treated in a way that recognizes and responds to his/her cultural identity and/or disability and/or sexual orientation and/or sex.
6. The right to know the name of his/her primary counselor responsible for his/her care, and the name of any other person providing care. Additionally, Fairview participates in a student internship program with several local colleges. These interns participate in individual/group treatment and care. I understand I have the right to refuse student intern participation in my treatment and interactions.
7. A staff member whose work performance is impaired shall treat no patient.
8. The right to obtain from his/her primary counselor current information concerning his/her diagnosis and treatment in terms that can reasonably be understood.
9. The right to know the agency rules that apply to patient conduct.
10. The right to receive services in a physical environment that is safe, sanitary, reflective of human dignity, conducive to effective treatment and that appropriately safeguards the privacy and confidentiality of patient-staff interactions.
11. No treatment requiring the order of a physician is rendered to a patient except a physician's prior written order based on a personal examination.
12. The right to confidentiality as required by Federal Law and Regulations (42 CFR Part 2). *
13. The right to be free from physical, verbal or mental abuse.
14. The right to receive information about provider services available on site or through referral, and how to access such services.
15. The right to receive prompt and reasonable response to requests for provider services, or a stated future time to receive such services in accordance with an individual treatment plan.
16. The right to receive in writing the reasons of a recommendation of discharge and information of appeal procedures.
17. The right to examine, obtain a receipt, and receive an explanation of provider bills, charges, and payments, regardless of payment source.
18. The right to receive a copy of the patient's records for a reasonable fee.
19. The right to be free from performing labor or personal services solely for provider or staff benefit, that are not consistent with treatment goals, and to receive compensation for any labor or employment service in accord with applicable state and federal law.
20. Participants referred to a faith-based provider have the right to be given a referral to a non, faith-based provider.

22. right to object to conditions at the clinic and the right to a prompt, reasoned response from agency management. Each patient has the right to complain to the Executive Director, Patrick Haley, of Fairview Recovery Services, Inc. located at 5 Merrick Street, Binghamton, NY, 13904. Contact #: (607) 722-8987 ext.224. Complaints may also be made in writing to the Office of Alcoholism and Substance Abuse Services, 1450 Western Avenue, Albany, NY, 12203 or contact: (800) 553-5790.

23. All treatment at Fairview Recovery Services, Inc. is voluntary and can be ended at any time.

* Federal Law and Regulations protect the confidentiality of alcohol and drug abuse patient records maintained by this program. Generally, this program may not say to a person outside the program that a patient attends the program, or disclose any information identifying a patient as an alcohol or drug abuser UNLESS:

1. The patient consents in writing
2. The disclosure is allowed by a court order, or
3. The disclosure is made to medical personnel in a medical emergency or to qualified personnel for research, audit, or program evaluation.

Violation of the Federal Law and Regulations by a program is a crime. Suspected violations may be reported to appropriate authorities in accordance with Federal Regulations.

Federal Law and Regulations do not protect any information about a crime committed by a patient either at the program or against any person who works for the program or about any threat to commit such a crime.

Federal Laws and Regulations do not protect any information about suspected child abuse or neglect from being reported under State Law to appropriate State or Local Authorities.

(See 42 USC 290dd-3 and 42 USC 290ee-3 for Federal Laws and 42 CFR Part 2 for Federal Regulations.)

(Approved by the Office of Management and Budget under Control No. 0930-0099).

I have read and received a copy of my Patient rights. I have asked any and all questions, and at this time understand these rights.

updated October 2020

For the duration of stay as a Patient of Fairview Recovery Services, Inc. (FRS), I have read and hereby agree to abide by the following rules and regulations:

In addition, I understand FRS Residential Rehabilitation Program is an inpatient program and I am NOT permitted to leave the Residential Rehab property without being escorted by FRS staff. This includes leaving the property of approved appointments within the community.

Positively no alcohol, drug (including paraphernalia), tobacco is permitted. This means any use on grounds of FRS including drinking, use of illegal substances, or use of prescription medication not prescribed specifically for that patient, or substances brought or found on property, may result in behavioral contract and/or discharge.

\$ No smoking/vaping is permitted on Fairview property based on OASAS regulation as a non-smoking, tobacco free facility. Any tobacco, smokeless tobacco, chew, nicotine item and/or paraphernalia is seen as contraband and will be confiscated.

% Absolutely no physical violence, verbal abuse, threats, intimidation, vulgarity, street behavior, aggressive physical contact (including rough housing) or violence is prohibited. Such actions are not permitted by any patient and are detrimental to personal recovery and others recovery. These actions may result in immediate discharge.

& Racial slurs, sexual harassment, and/or abuse between patients or others is not tolerated. These actions can result in an administrative review or possible discharge.

' . No weapons will be allowed on the person or in the program facilities.

(. No betting, gambling, pools on sporting events or playing cards (unless approved by staff), etc. No scratch off lottery tickets. NO ambling of any kind. NO energy drinks are permitted. NO products with alcohol.

) . No electric devices including but not limited to PODS, PADS, MP3 players, CD players, cell phones, cameras, recording devices, video games, radios, etc.

***** . No hats, hoods and/or bandanas of any kind are to be worn inside the ASC.

+ . Sexual behavior between patients is not tolerated. While peer support is encouraged, this type of behavior is inappropriate and unacceptable.

#' . Each patient maintains the right and responsibility to confront another patient on their old behaviors.

including but not limited to vulgarity and stealing. Depending on the severity of behavior, patients are required to inform staff of said behaviors.

. Vandalism of FRS property is strictly prohibited and is not tolerated. This includes structural damage (walls, doors, etc.), graffiti, intentional destruction of FRS property including appliances and furniture. Patients caught participating in such vandalism will receive consequences leading up to and including immediate discharge. Please remain respectful of FRS property by not putting feet on furniture, sleeping on couches, chairs or in common areas.

#S . Upon admission personal belongings are limited to seven (7) days worth of clothing, including 1 pair of shoes, 1 pair of slippers, 1 pair of shower shoes and 1 coat. All belonging will be searched and checked upon intake. Excessive belongings or items determined inappropriate will be stored in our shed and are inaccessible until discharge. Any contraband items will be confiscated and if appropriate returned upon discharge. Any sharps, knives, weapons, aerosol cans, or any items including magazines, DVDs and any/all media are not allowed, Also some products containing alcohol are permitted once inspected and after staff approves, providing there is no alcohol within the manufactures first three (3) ingredients such as lotions, shampoo and deodorants.

Successful completion of the program is finalized when all individual and treatment plan goals are achieved.
- 38.** Patient are all permitted sick days due to illness only when approved by Case Manager and confirmed by medical staff. Patient must report directly to Case Manager in the AM, not simply remain in bed. Once approved patent must stay in bed; however, patient is still responsible for chore.

39. Patients are allowed more than 1 call within their 5-minute time allotment. Phone calls are made with Programs in the intake office Monday Wednesday and Friday from 6pm-7pm and 8pm-9pm. All medical calls are to be made in the nurse's office.
40. Patient drop offs are only allowed with Clinical Staff's permission. Patients must schedule drop off with CM and are only allowed to have the items approved dropped off.
41. Patients are responsible to take any prescribed medication as prescribed at designated times. No medications prescribed or over the counter are kept in patients' rooms. If discovered, personally stored medications are considered non-compliance and may result in discharge. All over the counter medications are required to have a current prescription from provider.
42. There is no TV watching other than the noted times, unless given special permission by a supervisor or on-call. All moves will be P-13 or under and all DVDs must be provided by staff. Patients are not allowed to bring in DVDs. TV times for the Community Room downstairs are 6am-8am, 12pm-1pm, 5pm-7pm and 8pm-9:30pm. TV times in the men's room upstairs are 5pm-7 and 8-9:30pm.
43. All staff members and peers are to be treated with respect and will in turn adhere to this rule.

STAFF ARE MANDATED REPORTERS AND REPORT ANY ABUSE AND/OR NEGLECT AS REQUIRED BY LAW.

I am in receipt of a copy of Patients Stabilization handbook. I understand that I can discuss said handbook at any time with any staff person. I understand that if I am in question of any of the previously documented guidelines and regulations, or have any issues surrounding these guidelines and regulation, I am responsible for contacting my Counselor/Case Manager.

I have also received a copy of the FRS Contraband, Search and Seizure Policy. I have reviewed the policy, have had the opportunity to ask questions and agree to follow this policy while I am a Client/Resident at Fairview Recovery Services Inc.

I understand that additions to, alternations and modifications of the rule, policies and procedures contained in this handbook may be made by FRS at any time and for any reason. If this occurs, I am obligated to insure those additions into the handbook to assure it is remaining current. I understand that I am to comply with and follow these additional, altered or modified rule.

I understand that my participation in the Stabilization program is voluntary and I am entitled to end my participation at any time

Universal Precautions

FOR PREVENTION OF HIV AND HBV IN A HEALTH CARE SETTING

Universal Precautions apply to:

- Blood
- Semen
- Vaginal Secretions
- Cerebrospinal fluid (spinal cord)
- Synovial fluid (joint)
- Pleural fluid (lung)
- Pericardial fluid (heart)
- Peritoneal fluid (stomach)
- Amniotic fluid
- Breast milk

“Body fluids” for which Universal Precautions do not apply: (unless there is visible blood). Use gloves if possible but hand washing with soap and water is recommended:

- Urine
- Feces
- Tears
- Sweat
- Vomitus
- Sputum
- Nasal secretions
- Saliva – except in dentistry or when saliva contains blood.

Universal blood and body fluid precautions:

- Consider all Patients as potentially infectious
- Use appropriate barrier precautions routinely.

Reasons for precautions:

- Prevent spread of infection from Patient to Patient
- Protect Patient from infection carried by health care worker
- Protect health care worker from infection by Patient

Hands should be washed before and after assisting others in personal, sick or injury care.

Gloves should be worn if there is a likelihood of exposure to blood and certain body fluids. Hands should be washed before and after wearing gloves.

Cuts, scratches and other skin breaks should be covered and gloves are to be worn.

Mask and eye protection are needed if splashing is likely to occur.

Spills of blood or bodily fluid must be cleaned up promptly. Wear utility-type gloves for clean up.

Household bleach solution – freshly made – (1 part bleach to 9 parts water) is the best disinfectant for clean-ups. Leave solution on for 20 minutes.

For venipuncture – use only disposable vacutainers and multiple draw needles. Do not recap needles. Wear gloves for all venipunctures.

Discard entire vacutainer and needle assembly immediately into a puncture proof hazard container.

Universal precautions are used to prevent transmission of blood-borne infectious agents – particularly HIV and HBV (Hepatitis B).

Please use these precautions routinely. “Take no risk”.

TOBACCO USE POLICY AND PROCEDURES

Fairview Recovery Services, Inc.

Original Date: 05/16/08
Revised Date: 10/08/14

POLICY AND PROCEDURE

PROCEDURE FOR: Addressing tobacco use at Fairview Recovery Services, Inc. programs.

PURPOSE: To increase awareness of health dangers relating to use of tobacco.

Policy Statement:

Fairview Recovery Services programs provide crisis, residential and educational services for adults dealing with chemical dependency. Fairview is dedicated to providing quality services in a healthy, drug free environment.

In 1988 the U.S. Public Health Services, under Surgeon General C. Everett Koop, published the report, The Health Consequences of Smoking: Nicotine Addiction. In this report Dr. Koop states, "Smoking is the chief avoidable cause of death in our society." He indicates that nicotine is the substance in tobacco that causes addiction. Nicotine is a mood altering, psychoactive substance that is highly addictive. Since 1980, DSM (Diagnostic and Statistical Manual of Mental Disorders) has listed both nicotine withdrawal and nicotine dependence as diagnosable conditions.

Objectives:

1. To provide quality, comprehensive crisis, residential, and educational services to the Patients at Fairview Recovery Services.
2. To provide tobacco/ nicotine dependence recovery assistance/options to staff.
3. To provide tobacco/nicotine dependence recovery assistance within the care offered to the Patients of Fairview Recovery Services programs through assessment, education, prevention, and treatment.

1. Provide Tobacco/Nicotine Dependence Education and Recovery options for staff

- A. All employees will be offered information on the medical complications of tobacco use and nicotine dependence.
- B. All clinical staff will be offered training on how to identify nicotine dependence. This will include training on assessing, education, treatment planning, and on-going care for nicotine dependence.
- C. All employees will be offered the following:
 1. Pamphlets, brochures and other reading materials to assist and educate them on the effects of using tobacco/nicotine products.
 2. Over-the- counter nicotine replacement when not able to obtain through insurance.
 3. Counseling through EAP referral.
 4. New York State Tobacco Free Quit Line

D. If staff members do not follow the Tobacco Policy, disciplinary action will be handles following Fairview's disciplinary process. (i.e.: verbal warning, written warning...)

2. Provide tobacco/nicotine prevention, education and nicotine replacement treatment for Patients

A. During all intakes and reviews, the clinical staff will assess Patients for tobacco/nicotine dependence using the Fagerstrom Test for Nicotine Dependence and document their level of dependence.

B. All Patients, regardless of the tobacco history, will be offered an educational seminar on the effects of tobacco use.

C. During the admission process, all Patients will sign an agreement stating that they have been informed of the tobacco policy.

D. Clinical staff will assist the Patients in obtaining Nicotine Replacement Therapy upon request.

E. All Patients who are identified as needing tobacco cessation will have this area addressed in their service plan.

Fairview Recovery Services, Inc.

To support a tobacco free environment, I agree to the following:

- I will not use any type of tobacco products while on the Fairview Recovery Services premises. I understand this includes parking lots, and vehicles.
- While I am residing in a residential neighborhood, it is expected that I will treat neighbors and their property with respect.
- As a tobacco user I understand treatment goals specific to nicotine dependence will be included in my treatment plan.
- I agree I will not bring tobacco products or paraphernalia including lighters, snuff, chewing tobacco, cigars, cigarettes, etc. to any Fairview Recovery Services site understanding that staff will confiscate and destroy them.
- In the event that I violate such policy I understand that my case will be reviewed with possible revisions to my treatment plan. I understand that if I am found to be smoking in any of Fairview Recovery Services facilities I may be discharged from that program immediately.
- As a non-smoker as part of the Fairview Recovery Services admission process I have been informed of this policy.
